**Barnum Show at Toledo and Defiance.**

The Barnum & Bailey greatest show on earth will visit Toledo, Wednesday, July 10th, Defiance, Thursday, July 11th. In the character of the exhibition, there has been considerable of a change since last season, it being the desire of the management to remove as far as possible the opportunity of saying that the circus is the "same old thing." To begin with, the spectacle, which has been a feature of the Barnum & Bailey show for several seasons, has been dropped, and the circus program has been proportionately lengthened. Several old-time acts have been revived, notably the tournament of tumbling and leaping. The water carnival, which is the newest feature of the circus, and the one which made the big sensation during the New York engagement, will also be brought to Toledo and Defiance, and it will be the greatest amusement novelty that will visit this part of the country this season. The water carnival is given in a lake of water 40 feet across and seven feet deep, and into this shallow depth Louis Golden, the intertidal high diver, plunges from the dizzy height of 60 feet. Excursions will be run from this and all other nearby points on the day of the big show, the railroads have recognized the enormous popularity of Barnum & Bailey by making special excursion rates for the occasion.

Napoleon's base ball team is pushing right up into the front ranks. The boys play three games this week, Wednesday at Wauseon, Thursday at Holgate and Saturday at Florida.
